CAREER OBJECTIVE

Enthusiastic and detail-oriented 3rd-year Computer Science student with strong foundations in Java, DBMS, Operating Systems, and Computer Networks. Seeking a Software Developer role to apply programming skills, problem-solving ability, and knowledge of software development principles in building scalable and efficient applications.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science

RCC Institute of Information Technology (RCCIIT), Maulana Abul Kalam Azad University of Technology (MAKAUT)

2023 – 2027 (Expected)

CGPA: 7.8 / 10

Higher Secondary (12th Grade)

Bhavans Gangabux Kanoria Vidyamandir (BGKV, Kolkata), CBSE

Year: 2023

Percentage: 87%

TECHNICAL SKILLS

Programming Languages:

- Java
- SQL
- Python
- C / C++ (if applicable)

Core Subjects:

- Data Structures & Algorithms
- DBMS
- Operating Systems
- Computer Networks
- Formal Languages & Automata

- Computer Organisation

Database & Tools:

- MySQL
 - Git & GitHub
 - IntelliJ IDEA
 - VS Code
-

PROJECTS

Music Quiz Game (Java-Based Application)

- Developed a console-based quiz application using Java and OOP concepts.
- Implemented timer functionality and random question selection based on difficulty levels (Easy/Medium/Hard).
- Designed scoring system and modular code structure.
- Focused on clean code principles and maintainability.

Employee Management Database System

- Designed and implemented relational database with EMP and DEPT tables.
- Applied normalization techniques and implemented primary & foreign key constraints.
- Performed CRUD operations and complex SQL queries.

Fruit Classification Case Study (Pattern Recognition)

- Designed classification strategy for sorting fruits into 4 categories.
- Applied feature extraction and supervised learning concepts.
- Presented methodology through structured PPT and technical explanation.

Event Coordinator

- Coordinated the 'Reel Lens' event in our College Annual CSE Department Fest
 - From the start to the finish organised and took care of every single detail in the event
 - Ensured the whole event was executed successfully
-

CERTIFICATIONS (NPTEL)

- Blockchain and Its Applications
- Introduction to Coding Theory
- Programming in Java

- Business to Business Marketing
-

ACADEMIC ACHIEVEMENTS

- Strong understanding of DFA, NFA, Regular Expressions, and Grammar Transformations.
 - Good knowledge of line coding techniques and digital transmission.
 - Active participation in technical viva sessions and presentations.
 - I am a member of the Official Graphic Designing Team in my college
-

SOFT SKILLS

- Problem-solving
 - Analytical thinking
 - Team collaboration
 - Quick learner
 - Multi-lingual (English, Hindi, Bengali, Korean, German)
 - Graphic Designing
-

DECLARATION

I hereby declare that the information provided above is true to the best of my knowledge.
